PROFILE

Computer Science student at the University of the People and independent security researcher. I am also a law graduate from Hawash Private University in Syria. I document vulnerabilities, build web tools, and practise digital forensics and Linux-based analysis as a learning-focused technical track.

EXPERIENCE

Web Developer & Technical Content Writer 2022 – Present
Freelance, remote

- Built responsive portfolio and landing-page websites using HTML, CSS and JavaScript.
- Developed local-first tools and interfaces, including the Phoenix verification dashboard and Nabra keyboard-layout utility.
- Authored Arabic-language technical training materials on Linux and cybersecurity.

Independent Security Researcher 2024 – Present
Self-directed research

- Documented a race-condition vulnerability in an email-confirmation workflow and produced a technical report covering methodology and impact.
- The research was highlighted by OffSec in March 2026; additional open-redirect research is documented in the research archive.

Technical Training & Career Guidance Ongoing
Independent, remote

- Trained and supported 100+ learners across programming, web development, cybersecurity and career readiness.
- Prepared structured course files, study roadmaps, practice plans and field research for learners.

RECOGNITION & SELECTED PROJECTS

OffSec highlight Recognition
Race-condition research on a Meta platform highlighted in March 2026.
drive.google.com/drive/folders/1HXxHzGPUjzUS0UELDB2VLeCQS-KJ0T_A?usp=drive_link

Horizon Lab Digital forensics
Ranked #1 in Syria and #177 worldwide with a 93% score using Phoenix.
drive.google.com/drive/folders/1fVV4dVbT0LvDbXnkb4AqCLJVFaOdKqos?usp=drive_link

Phoenix Local verification dashboard
A local analysis and digital-forensics tool used in the Horizon Lab competition.
khalil-m-khalil.github.io/Phoenix/

Nabra Windows utility
Local Arabic/English keyboard-layout conversion without translation or cloud processing.
drive.google.com/drive/folders/1CDHuI3SuQ9POROOW8RtkNexvn0x_kEOS?usp=drive_link

EDUCATION

BSc Computer Science (in progress) 2023 – Present
University of the People (UoPeople), online

Bachelor of Law Graduated
Hawash Private University (HPU), Homs, Syria

TECHNICAL SKILLS

Web: HTML | CSS | JavaScript | responsive interfaces & local-first tools

Security & systems: Vulnerability research | Linux & command line | security awareness & GRC (learning) | digital forensics (learning)

Hands-on practice: Wireshark | tcpdump | Nmap | UFW | Sleuth Kit | Autopsy | Plaso | Foremost | TestDisk | ExifTool | Volatility 3 | Debian

LINKS & LANGUAGES

Portfolio | GitHub | Training evidence | Research archive
Languages: Arabic (native) | English (professional)
